

PIG Essentials Pro Chemical Absorbent Mat Pads

CPFH100

Heavyweight, 38 cm x 48 cm, 100 pads per bag

Chemical Mat quickly absorbs acids, caustics and unknown liquids for effective clean-up of high-volume spills.

- 100% polypropylene mat quickly absorbs nearly any caustic, hazardous or unknown liquid — including acids, caustics, solvents and chemicals
- Colour-coded safety yellow for fast identification; know exactly what you're reaching for in an emergency spill situation
- Top and bottom layers of FineFibre are built of densely-woven, small-diameter strands of fibre to increase surface area — enabling the Mat to quickly soak up liquids on contact before they can spread
- Random assembly of large-diameter meltblown polypropylene fibres creates a high-loft inner layer that absorbs high volumes of liquid fast
- Heavyweight construction offers the greatest absorbency
- Pads are ideal for catching drips and soaking up spills
- Easy-tear perforations let you take only what you need, so you use less mat and save money

Specifications

Absorbency Per Selling Unit	Up to 100 L per bag
Colour	Yellow
Composition	100% Polypropylene
Fluids Absorbed	Acids, Caustics & Unknowns
Length	48 cm
Mat Weight	Heavyweight
Packaging	Bag
Perforated	Perforated down centre Lengthwise
Poly Backing	No
UV Resistant	No
Width	38 cm
Weight	6.01 kg
Sold as	100 Pads per Bag
