

PIG HazMat Chemical Absorbent Mat Pad

MAT301

Heavyweight, 38 cm x 51 cm, 100 pads per bag

Specially-treated mats are the best on the market for absorbing highly concentrated corrosives like 98% sulfuric acid and 30% sodium hydroxide.

- Absorbs the widest range of acids, caustics and unknown liquids - even those with high concentrations like 98% sulfuric acid and 30% sodium hydroxide
- Chemical-resistant mat won't degrade or cause a dangerous reaction upon contact with corrosive spills
- Layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout the mat for faster, easier clean-up
- Highly absorbent, fine-fibre construction won't leave behind liquids or fibre residue
- Absorbs and retains most acids, caustics and unknown liquids
- Pink colour is easily distinguishable to ensure workers use the correct mat during a spill emergency
- Flame-resistant material won't burn immediately like untreated cellulose mats; melts when exposed to high heat while on the job
- Heavyweight construction is highly durable and absorbent for demanding tasks and large-volume clean-ups

Specifications

Absorbency Per Selling Unit	Up to 83.6 L per bag
Colour	Pink
Composition	100% Polypropylene
Fluids Absorbed	Acids, Caustics & Unknowns
Length	51 cm
Mat Weight	Heavyweight
Packaging	Bag
Perforated	Perforated down centre Widthwise
Poly Backing	No
UV Resistant	No

Width	38 cm
Weight	7.71 kg
Sold as	100 Pads per Bag
