

# Pig Blue Absorbent Mat

## BLU102

Heavyweight, 76 cm x 46 m, 1 Roll

Soaks up common industrial liquids and delivers more absorbency at a low cost so you use less, leave them down longer and save money.

- Soak up heavy, persistent leaks and overspray, especially in large areas or where changeouts are difficult, with the absorbency power of our wide heavyweight absorbency rolls -- they pack the most absorbency power we offer to give you a clean, safe workplace
- Stays down longer because it can absorb so much! Pig Blue is perfect for steady leaks and drips and in areas where changeouts are difficult, like under machines or generators or in hard-to-reach areas
- Saves you time and money by soaking up large volumes and staying down longer; it won't fall apart, even when it's soaked and absorbs liquid quickly for faster, easier cleanups
- Absorbs most common industrial liquids - oils, coolants, solvents, water and more
- Perforations allow you to tear off small or large pieces
- Eco-friendly mat contains 75% recycled fibres
- Fire retardant for added safety; flame-tested in accordance with ASTM Standard E84-08
