

Quick Connect Set

TLS680

For Leak Diverter

Save time when connecting a hose to your PIG Leak Diverter with this Quick Connect Set.

- Install both pieces to your leak diverter and drainage hose for instant connection/disconnection whenever you need it
- Just click ends together to save valuable time during leak situations; much faster than screwing on a hose
- Durable polyethylene resists a variety of chemicals
- Can also be used with any standard-sized garden hose spigot or to connect two hoses

Specifications

Colour	Black
Composition	Polyethylene
Exterior Diameter	3.8 cm
Length	8 cm
Use With	Leak Diverter
Weight	0.03 kg
Sold as	1 Each
