

PIG Grippy Adhesive-Backed Absorbent Mat

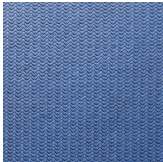

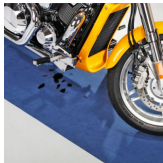

MAT3251

81 cm x 102 cm, Absorbs up to 1.3 L per roll

Our exclusive, adhesive-backed mat stays put to catch drips from vehicles or industrial equipment ? and it won?t blow away when the door is open.

- Adhesive-backed absorbent mat stays exactly where you put it with no shifting or bunching up
- Fits perfectly underneath vehicles to protect workshop floors from oily leaks and drips; reduces clean-up time to keep your workshop productive
- Proprietary adhesive sticks to the floor with a super-tight grip, but can be easily removed and repositioned so you can reuse the mat until it becomes saturated
- PIG Grippy Mat will stick to most common commercial floor surfaces, including: concrete, vinyl tile, ceramic tile, quarry tile and linoleum
- Tough, spunbond top layer with heavy-duty zigzag stitching stands up to rolling tires and service bay foot traffic
- Layers of fine-fibre polypropylene safely absorb and retain oils, coolants, water, grease, fuels, solvents, automotive fluids, paint overspray, battery acid and most other liquids
- Leakproof backing prevents absorbed liquid from soaking through to the floor
- Dark colour hides grime, so the mat looks cleaner for longer
- Mat ends are heat-cut for a finished, professional look
- Tested and Certified by the National Floor Safety Institute (NFSI): when used as part of your floor safety programme, high-traction surfaces such as PIG Grippy Adhesive-Backed Absorbent Mat is proven to reduce slip-and-fall claims by as much as 90%

Specifications

Absorbency Per Selling Unit	Up to 1.3 L per roll
Certification	NSFI Certified, ANSI B101.1- 2009
Colour	Blue
Composition	Absorbent - Polypropylene; Stitching - Polyester; Adhesive Backing - Proprietary Adhesive Material
Fluids Absorbed	Oils, Coolants, Solvents & Water
Length	102 cm
Mat Weight	Mediumweight
Packaging	Bag

Perforated	Not Perforated
Poly Backing	Poly-Backed
Recycled Material	25% or more Recycled Content
Storage Temperature	Store between 0°C(32°F) - 49°C(120°F)
Temperature Limit	Surface temperatures from 13°C - 49°C
UV Resistant	Not UV Resistant
Width	81 cm
Weight	0.8 kg
Sold as	1 Roll
