

# PIG SpillBlocker Dike

## PLR230

5 cm x 3 m x 6 cm, Polyurethane, 1 Each

Spills on asphalt can seep underneath standard spill dikes. Stop them in their tracks with our Rough Surface Dike!

- Exclusive New Pig formulation features a tear-resistant top layer with a super-tacky bottom layer that seals tight to rough surfaces and blocks liquids
- Bottom layer "seeps" into surface cracks to form a liquid-tight seal
- Fast protection for when a spill is heading right for your drain on a rough surface; just set dike down with sticky side away from surface, turn dike over and press into place
- Confines and diverts fluids without absorbing them, making clean-up or reclamation simpler
- 6cm height contains spills up to 5cm deep
- Polyurethane material resists water, oils and many chemicals
- High-visibility yellow top colour draws attention to spill for increased safety
- Connector piece is included to create a liquid-proof seal and allow you to join as many sections as needed
- Lightweight dike is easy to handle and deploy
- Intended for one-time, limited term use; ideal for containing hazardous or other liquids on rough surfaces

## Specifications

Colour	Yellow & Black
Composition	Polyurethane
Height	6 cm
Intended For	Use on Rough Surface
Kit Contents	1 - Connector 1 - Yellow Disposal Bag
Length	3 m
Max Liquid Temp Exposure	Max Exposure Limit 107°C (225°F) for up to 30 Minutes
Storage Temperature	Store from -18°C (0°F) to 49°C (120°F)
Style	Non-Weight Bearing

Temperature Limit	Works from -18°C (0°F) to 71°C (160°F) up to 12 months
Width	5 cm
Weight	5.9 kg
Sold as	1 Each
