

PIG Original DrainBlocker Drain Cover

PLRE241

For Square Drains up to 30cm, 1 Each

Your drain's best defence against spills! PIG DRAINBLOCKER Covers deploy quickly and create a tight, temporary seal over drains to keep out unwanted liquids.

- Exclusive New Pig formulation features a super-durable, tear-resistant top layer that withstands repeated use and abrasion combined with a flexible, tacky bottom layer that tightly seals drain openings
- Chemical-resistant polyurethane resists water, oil and many chemicals
- Flexible cover moulds to uneven surfaces to create an instant, temporary drain seal that prevents pollution
- High-visibility yellow top colour draws attention to spill for increased safety; dark bottom colour hides dirt and grime
- Unlike messy alternative clay mats, it's easy to clean and reuse
- For best performance, make sure Cover overlaps drain opening at least 8cm on each edge (max drain size = 30cm x 30cm)
