

Drop-Ceiling Leak Diversion System

TLS367

61 cm x 122 cm

Leak diversion system replaces damaged ceiling tile for discrete channeling of liquids until you find and fix the leak.

- Remove damaged tile and replace it with a leak diversion system panel to channel away liquids
- Minimises wet floors, damaged equipment and disturbances to workers
- Captures leaks and drips and diverts them to a drain or storage tank using the included hose
- Includes drain hose and clips to secure hose to ceiling grids
- Flow rate of 3.8-litres per minute when used with included hose
- After leak has been repair, uninstall and store for later use
- Replaces any standard 61cm x 122cm drop ceiling tile

Specifications

Additional Grommets Per Side	N/A
Colour	White
Composition	Ceiling Diverter - Polystyrene; Hose - PVC; Pipe Connector - Polypropylene; Plastic Clips - Polypropylene; Ties - Polyamide
Corner Style	N/A
